REAR passenger replacement cushions for EC120

In answer to customer demand, Helitowcart now offers rear seat replacement cushion kits for the EC120. This new product provides a great complement to the popular front crew seats. It allows a complete helicopter seat cushion overhaul.

The kit includes all cushions required to replace the three rear seats. The rear HeliCushion kit is designed according to the same specification parameters as the crashworthy crew seats, thus again providing excellent comfort, safety and maintenance characteristics.

The **HC120 R3** kit includes all 3 seat positions.
Price: Can\$ 1925. (US\$1646.) (€ 1170.) (£ 1110.)
